Restore or Retreat

Simone Theriot Maloz

Simone Theriot Maloz, Executive Director of Restore or Retreat since 2005, addressed the Rotary group last Tuesday. Simone works daily on the local, state and federal levels to advocate for the needs of the disappearing Louisiana coast, specifically the Barataria and Terrebonne Basins.

Since the devastating hurricanes of 2005 and the 2010 oil spill, she has also been tracking the process of the different planning efforts underway, including the Natural Resources Damage Assessment

Act (NRDA), Clean Water Act Penalties, the 2012 and 2017 State Master Plan Update and the Louisiana Coastal Area Study projects, all to ensure the needs of the Barataria and Terrebonne Basins are being adequately met with the necessary sense of urgency in the face of what is at stake.

Ms. Maloz shared the newest developments of the Deepwater Horizon Settlement. April marked the fifth anniversary of the devastating Deepwater Horizon explosion. On July 2, agreements in principle were reached between BP Ex-

ploration and Production (BPXP) and the US Government and five Gulf coast states to settle all federal and state claims arising from the 2010 Deepwater Horizon event for a total of \$18.782 BILLION. Louisiana should stand to recover over \$10 billion in fines, penalties, and damages – the largest environmental settlement in US history. This settlement eliminates years of litigation and appeals, allowing Louisiana to begin diligently implementing the State Master Plan and mitigating for natural resource damages.

Mike Gauthier reminds us that the second round of the “Rotary Relics” program will be presented! The “Relics” will be Curtis Duplechain and David Plater and they may surprise you with stranger than fiction highlights of their personal and professional histories. Make plans to be present...the reviews from the Jimmy Peliter – Charlie Shaver show were OUTSTANDING! Can Curtis and David surpass them????
