Nikki Waltrich
Americorps

WRITTEN BY: Tim Robichaux

Nikki Waltrich is from Chicago, Illinois and is in the Thibodaux area for one year working with AmeriCorps, which is a corporation for National & Community Service. Nikki is the VISTA Regional Outreach Coordinator and works specifically with Prevent Child Abuse Louisiana.

Nikki began by distinguishing between abuse and neglect. Abuse is any act that seriously endangers the

physical, mental, or emotional health and safety of a child. Neglect is failing to provide for a child's basic need and, as a result, the child's physical, mental or emotional health and safety is threatened or impaired. Louisiana has consistently ranked in the bottom three states for overall child well-being. There was thirty-one fatalities attributed to child abuse and neglect in Louisiana in 2014. The majority of the case reported, about 85% are neglect.

NOTES:

the club that prevention is the key. Ways to promote prevention are to develop nurturing atmospheres, educate parents and caretakers, and develop a trusted network of family and friends to help in times of need. Prevention of child abuse can save millions of dollars. Nikki explained to us about KIDLINE, which is an anonymous, toll-free, statewide telephone service offering crisis intervention, support, parenting information, and referrals to community resources within the state of Louisiana. She informed us that most people are unaware of this program, and she encouraged us to promote awareness of it.

AmeriCorps VISTA's regional plan is to develop an outreach system and build partnerships with community organizations in order to promote the availability of KIDLINE as a resource for families, and expand the reach of the Nurturing Parenting program. The ways that we can help are by volunteering, partnering with AmeriCorps VISTA, staying informed and donating funds.
